Dear Sir:

Enough of these adjournments. Are people waiting for us to die off so the problems will go away.

I have made several suggestions in the past with no answer. Just another adjournment.

I will make one more possible solve to the problem. That is - set a levy on the profits of the new GM each year to pay the premiums, and restore the insurance to the original level. (or take it out of the retirement fund) The retirement fund must be maintained by law.

Much money has been spent sending out all these adjournments. Please settle this now.
